COMMENTS FROM THE TOWN MANAGER'S OFFICE

On Monday night, Oct. 11, the Board of Selectmen met in regular session in the Community Room at the Bethel Savings Bank.

The main topic of discussion was a resolution submitted to the Board of Selectmen by the Rotary Club concerning their dissatisfaction with police protection in Bethel. This resolution was also supported by the Chamber of Commerce and the Lions Club. Representatives from these organizations, Law Enforcement Officers, Robert Stearns, Alton Howe and Bill Williams, and approximately 40 citizens were present to discuss the situation.

Discussion centered on the problem of young people gathering in the business area both on public and private property and the resultant problems that occur. It was mentioned by several people that the problems are created by only a small number of young people and that the majority should not be blamed for the actions of a few.

Several suggestions included: increased law enforcement personnel, the posting of private property by the owners and the enactment of loitering and curfew ordinances. Following these discussions, the Selectmen voted to establish an advisory committee to assist town officials develop a positive program for dealing with the problems. Any citizen interested in serving on this committee should contact the Town Office or any member of the Board of Selectmen.

In other actions the Board approved a weapons permit for Harold Clough, instituted liability insurance coverage for recreation activities and signed the warrant for the Nov. 2 General Election.

The Board voted to authorize the Town Manager to negotiate on the price of salt if there should be any change in the price of \$27.20 per ton approved at the Sept. 27 meeting.

The Board, upon the recommendation of the manager, voted to write the State Department of Transportation expressing the town's dissatisfaction with the state's failure to begin scheduled work on the East Bethel Road.

The next meeting of the Board of Selectmen will be Monday night, Oct. 25.

FLAMES DESTROYED the plan-

er mill of the Western Maine Lumber Company late Tuesday evening of this week. Reportedly when first observed, the fire was located in the easterly end of the building, located about a mile and a half east of Bethel village on Route 28. Flames quickly engulfed the structure.

Responding to an alarm sounded shortly after 11 o'clock, the Bethel Fire Department kept the fire from spreading to other structures of the Company.

On Wednesday, Joseph Rosenfield, president of the firm, said that no estimate of monetary loss had been ascertained for the 300,000 to 350,000 feet of lumber destroyed, but said it would cost in excess of \$100,000 to replace the machinery and electric motors lost. It is planned to rebuild the facility as soon as the site can be cleared.

CALL ASA SESSIONS,

Newry

— Miss Amy Hanscom, Carres. —

The Assessors filed a claim with the Bureau of Property Taxation, Tuesday, for loss in 1976 taxes under the Tree Growth Tax Law. Under the law, municipalities are to be reimbursed for 90% of the loss of the amount of 1972 tax on the same property. Reimbursement is to be made some time after 90 days after adjournment of the regular session of the Legislature. This means that loss from 1975 and 1976 taxes should be made some time in 1977. In the meantime other taxpayers have to make up the loss. The claim for 1976 shows loss of \$10,269.32 from 1972 taxes, with reimbursable loss of \$9,242.20. Since the 1976 taxes are somewhat higher than 1972, the actual loss is \$17,010.82. The claim for reimbursement for 1975 tax loss showed loss from 1972 at \$8,176.56, reimbursable loss at \$8,258.91 and actual loss \$14,043.25. Late in the fall of 1975 Newry received \$7,431.89 as reimbursement for loss of 1974 taxes. Actual loss that year was \$8,754.24. In 1973, the first year the law was in effect, towns lost 10% of the 1972 tax, with no reimbursement. Newry lost \$124,750 in effect. The Town of Newry has lost \$41,055.61 in taxes, \$7,438.99 of which has been reimbursed, with an additional \$17,501.11 to be reimbursed late in 1977, and \$16,115.61 which will not be reimbursed but which has to be made up by other property owners, many of them low income home owners. The tax rate for 1976 was .022. Without the Tree Growth Law it could have been .0168.

GIBBS - COULTER

The First Congregational Church of Sufield, Conn., was the site of the Sept. 11 evening wedding of Miss Linda Coulter and Thomas Gibbs. Rev. Gorman Smith performed the double ring, candle-light ceremony.

Daniel Gibbs attended his brother as best man, and ushers were Daniel Gibbs and Victor Young. Christina Wight, niece of the bride, was the flower girl, and Miss Cynthia Feher, cousin of the bride, was the soloist.

The bride is the daughter of Mr. and Mrs. Lawrence Coulter of Sufield, Conn. She is a graduate of Eastern Nazarene College and received a B.S.W. degree in social work in May. The groom, who is the son of Mr. and Mrs. Guy Gibbs of Bethel, graduated in 1971 from New Hampshire Vocational-Technical College with an associate degree in machine tool repair technology and is now employed at Newton-Tebbets Wood Products, Inc.

After a honeymoon spent on the Maine Coast, the couple now resides in Bethel.

GREENWOOD FIREMEN'S AUX. HEARS OPPONENT OF "BOTTLE BILL"

"The passage of the so-called 'bottle bill' will bring a higher price tag on your groceries," said Mrs. Betty Stevens of Portland as she addressed the Greenwood Firemen's Auxiliary in Locke Mills Monday night.

Speaking on behalf of the Committee Against Forced Deposits on Cans and Bottles, Mrs. Stevens stated that groceries—whether a "ma and pa" business or a large supermarket—are faced with increased costs for handling the collection of deposits and the returned empty bottles and cans. "They are now operating at maximum efficiency in the relation of space of sales and storage, and would have to sacrifice one or the other. This will mean less stock and even less choice of brands and size of packaging if present, space is to be used. The president of one of

Maine's large supermarkets told me last month that he would probably build on additions at each one of his stores.

"In addition, there will be an additional expense in checking and sorting returns, paying deposit refunds, sorting and storing for future pick-up by distributors, and costs of necessary sanitary measures to prevent ants, flies and vermin. In many cases this will require additional help and lost time for these tasks by current employees.

"All this adds up to increased overhead—and don't let anyone tell you that increased overhead will not be passed on to you, the consumer—a penny here and a penny there on your hamburger, your potatoes, your coffee, your soup or any other grocery items."

Mrs. Stevens stressed the fact that the term "returnable" is being interpreted to mean "reusable," and stated emphatically, "there is not one word in this bill which will require the use of reusable, refillable bottles such as were used to years ago before the one-way containers. The bottles are only 'returnable' in the sense that you have to return them or cans if you want your deposit money back."

"There is another area where the 'bottle bill' will affect the people of this area. You are dangerously close to the New Hampshire border, and in Vermont, where a similar bill went into effect in 1973, stores along both the New York and New Hampshire borders had their sales seriously affected as customers crossed the line—not only to buy their sodas and beer, but to do all their grocery shopping at the same time.

"It has been estimated that Maine's tax income may be reduced by a million dollars by lost sales—income taxes, sales taxes, excise taxes, business taxes and if worse comes to worse, real estate taxes when the grocer is forced to close his doors."

Mrs. Stevens stated that it is just plain fact that when tax bases are weakened, either services

must be curtailed or the tax rate for everyone will be increased. Here in this area, she said, the residents are going to be personally affected by this shift in business to New Hampshire.

"All of us could be enthusiastic if this bill could be a cure-all for roadside litter, but it won't. It might help a little, but you are going to have to change the habits of the litterers. If they are teenagers who are below the legal drinking age, or they are imbibing to a point they are subject to a charge of driving under the influence, they are going to get rid of the evidence of empty beer cans and bottles. The rest of the litterers are those who just don't care. And a five cent deposit is not going to change these people into law-abiding citizens—because there are already heavy fines imposed for breaking Maine's litter laws."

In conclusion, she stated that the only way to defeat a badly written bill which cannot possibly achieve the hoped-for results is to go to the polls on election day and vote "no" on the referendum issue.

DEMOCRATS' ELECTION '76 CAMPAIGN GETTING HECTIC

The Bethel Democratic Committee met on Sunday, Oct. 10 at the home of State Representative Emily Saunders on Spring Street. The increasingly hectic pace of the Election '76 campaign provided many items for discussion during the planning session, chaired by Town Chairman Paul McGuire.

Mike O'Donnell reported on the progress of the absentee ballot committee, and Cathy Newell announced that voter registration continues, with the exciting news that several new Democrats have been enrolled during the past two weeks. Anyone wishing to become a voter in Bethel may sign up at the Town Office, or get in touch with any of the Bethel Democratic Town Committee or Rep. Saunders to arrange to be registered in the evening or on week ends.

Special Events Coordinator Dale Thurston has arranged for Tail-Gate Coffees at the mills in the area, which will give workers at the mills an opportunity to visit with Rep. Saunders, and to register to vote, as well as to enjoy some hospitality courtesy of the Bethel Democrats. The coffees will begin on Thursday, Oct. 14, and continue through Nov. 2.

Susan O'Donnell, Jean McGuire and Aggie Thurston will give a coffee for Emily on Oct. 22. This

CONGRESSIONAL CANDIDATE VISITS AREA

Second District Congressional candidate Leighton Cooney toured the Bethel area on Friday, Oct. 8. He was accompanied by District 63 Legislative candidate, State Rep. Emily Saunders, and Paul McGuire, Bethel Town Chairman, as well as by Tom Bourgeois, of Norway, Cooney coordinator for Oxford County. Arriving in the early afternoon, Cooney visited the Newton-Tebbets mill, Kendall Dowel, and Bethel Furniture Stock, before arriving in the village of Bethel for a walking tour of Main Street, following a visit to the staff of the "Citizen." Cooney's approach to voters is low-

key, inviting people to question him on anything pertaining to the legislature, Washington, or issues. Cooney appears to be undaunted by reports from the media, describing the uphill nature of his battle for Congress, and his visit to Bethel was one part of a hectic schedule through Nov. 2. Bourgeois commented that Cooney will be returning to Oxford County again, and that Holly Cooney, wife of the candidate, will be a guest at the meeting of the Oxford County Democratic Committee in Brownfield on Oct. 14.

occasion will not only provide a social gathering, but will allow those attending to learn something of the role of the legislator; the variety of duties involved, and the issues which are most pressing. Described by a committee member as "Everybody's candidate", Emily, and the hostesses at the coffee, will welcome everyone at the morning get-together which will be held at a location to be announced later.

The next meeting of the Bethel Democratic Committee will be on Sunday, Oct. 17, at 7:30 p. m. at the home of Rep. Saunders.
